

LESSON - 11

CSS Links

CSS me links (anchor tags <a>) ko style karne ke liye hum pseudo-classes ka use karte hain.

- **:link** - (Default link) - Pehle kabhi click nahi kiya
- **:visited** - (Visited link) - Pehle se open kiya hua link
- **:hover** - (Mouse hover) - Jab mouse le jaate ho link pe
- **:active** - (Active link) - Jab link click ho raha ho tab
